

The safety and wellbeing of our people is our priority.

Redflex Traffic Systems, currently trading as Verra Mobility, is committed to protecting not only our employees, but also contractors, clients, visitors, and others who may be affected by our work.

We are actively focused on meeting or exceeding our legislative obligations and the expectations of our clients, and on continually improving health and safety outcomes.

In addition, we will:

- Provide and maintain a safe work environment and systems of work by eliminating hazards and reducing work health and safety risks.
- Provide and maintain safe plant and equipment.
- Ensure the safe design, manufacture, and implementation of our products and services.
- Provide facilities that enable work to be performed safely and without risk to health and, where reasonably practicable, enhance the health and wellbeing of our people.
- Ensure, through effective consultation and communication, that all employees are sufficiently informed, instructed, and supervised to perform their work safely and without risk to health.
- Ensure the safe use, handling, storage, and transport of substances and plant.
- Monitor the health of our people and workplace conditions.
- Provide a framework for setting objectives and establishing measures to effectively monitor performance.
- Fulfil legal and other requirements.

In meeting these commitments, we value the thoughts and opinions of our people, contractors, and clients. We will consult and collaborate with them to achieve the best health and safety outcomes.

Our people will:

- Take reasonable care of their own health and safety and that of others.
- Promptly report hazards, incidents, and health and safety issues to management.
- Comply with health and safety practices and procedures.
- Cooperate with efforts to comply with health and safety laws, contractual obligations, and this policy.

By prioritising health and safety and aiming to enhance wellbeing through our work, we are better placed to serve a world on the move.
